To: Ivanhoe Irrigation District Water Users

From: Gene Kilgore, General Manager

RE: General Manager Introduction

Greetings, I would like to introduce myself as your new General Manager. My name is Gene Kilgore, I have lived in Woodlake with my beautiful wife of 37 years and my two children since 2006. I am a Fresno State graduate, GO DOGS! I have over 34 years of experience in water delivery in some form or fashion. I started my career with Kaweah Delta Water Conservation District (KDWCD) in 1989. At KDWCD, I performed a variety of duties and assignments, from channel maintenance to water operations. My crowning achievement was managing the Kaweah River Power Authority hydro project below Terminus Dam, Lake Kaweah. After nearly 25 years with KDWCD, I took on a new role of General Manager for Corcoran Irrigation District (CID). Over the 9 years with CID, I had an opportunity to develop and become familiar with the Kings River system to better serve the growers of the CID. Now, I am honored that the Tri-District Water Authority, formed by Ivanhoe, Exeter and Stone Corral Irrigation District's, have asked me to join with you to navigate through the difficult days ahead. I would greatly appreciate hearing from you, as to your thoughts and ideas on how the District moves to a sustainable future. I look forward to serving you and being your representative.

Most Respectfully,

Gene Kilgore
