

# FREE BOTTLED WATER

Available to  
Eligible Residents

KAWEAH WATER  
FOUNDATION

## Why Would I Need This?

Kaweah Water Foundation is providing replacement drinking water to residents whose water is impacted by **nitrate** over 10mg/L.

## DO YOU KNOW IF YOUR DOMESTIC WELL WATER HAS **HIGH LEVELS OF NITRATE?**

Recent studies show that areas in Northern Tulare County may have unsafe levels of nitrate in the groundwater. To keep you and your family safe - farms, dairies, cities, and others have teamed together to provide safe and free drinking water. Kaweah Water Foundation can have your home's well tested for nitrate at no cost to you.

**AM I ELIGIBLE?**

Complete a Participation Form to see if you are eligible for free domestic well testing or free bottled water delivery.
